

La  Salle
FOUNDATION

FOR EVERYONE, EVERYWHERE, EDUCATION.

WHO WE ARE

At the La Salle Foundation, a non-profit organization within the La Salle Christian Brothers congregation, we extend our reach to a million students across a thousand educational centers in 80 countries worldwide.

Our focus is on **overcoming barriers to children's education, especially in vulnerable contexts**. We establish schools, universities, and informal education centers in remote areas.

Our steadfast commitment is to create a secure, healthy, and inclusive school environment, ensuring the full realization of rights for children and young people. This involves enhancing school infrastructure and implementing holistic, tailored educational programs aligned with local market demands.

Through these strategic initiatives, our goal is to turn schools into sustainable, resilient educational communities benefiting both students and the broader community.

CHILDREN'S RIGHTS

In every project we undertake, our foremost objective is to champion the rights of children and establish schools as secure, safe, and inviting spaces. We aim to create an environment where children feel free to express themselves, confident in the knowledge that their voices will be heard.

SUSTAINABILITY

Through our educational facilities, we actively contribute to improving the living conditions of the surrounding local communities. We implement clean water initiatives, food security programs, and green practices, transforming our schools into hubs for positive social change.

EQUAL OPPORTUNITIES

We advocate for gender equality and social inclusion across all our programs. Whether constructing a new educational facility, awarding scholarships, or initiating professional courses, we ensure female participation and ensure accessibility for children with disabilities and those from underserved groups.

CAPACITY BUILDING

We equip our educators to cultivate a secure and resilient school environment through organized annual training courses worldwide. These courses focus on safeguarding children's rights, fostering resiliency, and implementing innovative pedagogical approaches.

CENTRAL & SOUTH AMERICA

AFRICA

EUROPE & MIDDLE EAST

ASIA & OCEANIA

TOGETHER FOR A COMMON GOAL: CHANGING THE WORLD THROUGH EDUCATION

Companies can truly make a difference in the lives of thousands of children and young people who have had to abandon their dreams due to war, poverty, and isolation by creating new educational opportunities for them.

The principles of CSR (Corporate Social Responsibility) and the ESG (Environmental, Social, and Governance) criteria inspire many companies to support actions with high social impact and value.

Together, we can implement projects that, starting from our educational centers, can significantly improve the living conditions of entire communities.

Starting from our educational centers, we implement projects that contribute to achieving the Sustainable Development Goals of the United Nations 2030 Agenda, particularly:

Thanks to the presence of cafeterias and nutritional programs, we ensure food security for our beneficiaries.

We build facilities to provide clean drinking water and clean energy to our schools and the communities where we operate.

We promote access to education in the most vulnerable areas of the world, with specific actions to ensure the participation of women and girls, minorities, and refugees.

In addition to formal education, we also establish non-formal education centers and vocational training centers to provide everyone with the opportunity to build their future.

Every year, we conduct awareness campaigns and specific projects on environmental protection, reforestation, and responsible consumption.

TAX BENEFITS

If your company in Italy, we can provide you with a certificate for your donation that you can use for tax deduction purposes.

If you're not based in Italy, please contact the nearest La Salle NGO.

Do not hesitate to reach out if you require assistance in finding one!

HOW TO SUPPORT US

CORPORATE PHILANTHROPY

You can create new educational opportunities for hundreds of children and young people in the most fragile contexts around the world, and make a difference in their lives with your donation.

For more information, contact Laura Ballerini at: lballerini@lasalle.org

CAUSE RELATED MARKETING

You can commit to donating a percentage of the revenue from one of your products to support one of our projects.

Cause-related marketing allows you to increase the visibility and positioning of your company in terms of corporate social responsibility while actively supporting the people and projects of the La Salle Foundation.

SHARED VALUE PARTNERSHIP

We can create a collaboration based on our shared values and common activities, working together on joint projects.

THANK YOU!
